

HOSPITAL In The HOME SOCIETY AUSTRALASIA

STRATEGIC PLAN 2015 - 2018

Mission;

The Hospital in the Home (HITH) Society of Australasia is the peak independent industry organisation developed by leaders in their field. It is an independent member driven organisation not bound by Australian governments and private industry. The HITH Society Executive is a volunteer not for profit organisation committed to supporting the intention and promotion of members providing acute care in the community environment. The HITH Society by producing and publishing high quality health care information also aims to ensure this information is stable, accurate and sustainable. The independent and transparent advice it provides will be used to determine and assist members with educational, clinical, quality and funding information where possible to support them in their discussions with Local Health Networks (LHNs), Primary Care Organisations, Government and NGO/private organisations for the provision of HITH services.

Vision and Values;

- The HITH Society of Australasia is committed to values that provide an independent, educational, supportive, transparent, respectful and accountable organisation.
- An organisation that values and promotes members providing excellence in patient care, quality improvement and research.
- The Society values the input and hard work from our members and volunteer executive to develop a peak body.
- A peak industry body that delivers a voice and resources to support our membership e.g. the website and special interest groups.

Strategic Objectives

Pillar	Strategy	Performance Indicator
Leadership	1.1 Maintain list of designated spokespersons in each State /territory	Executive members are nominated to respond to Government, industry and media requests
	1.2 Executive to respond to media issues on behalf of HITH and its members	Media issues are responded to within a short time frame. Publish 1 “good news” story annually. Planning and governance guidelines are developed for responding to media, government and health related agencies
